3 STATES VISITED BY EARTHQUAKE

Georgia, Alabama and Tennessee Felt Quiver of Internal Disturbance Wednesday Afternoon.

Atlanta, Ga., Oct. 19.—Two distinct earthquake shocks, that in some instances shook frame buildings and knocked chimneys down, were felt through Georgia and Eastern Alabama and Tennessee shortly after 4 o'clock Wednesday afternoon. From all points damage reported was negligible except around Birmingham and Montgomery, where it appeared to consist of damage to chimneys. Many persons ran from their homes here and in other Southern cities.

The tremor was not felt at any point east of a suburb of Augusta, Ga., according to reports.

C. F. Von Hermann, section director of the local United States weather bureau, said there generally was believed a connection between earthquakes similar to the one Wednesday and low barometric pressure such as existed along the gulf coast.

Damage at Birmingham.

Birmingham, Ala., Oct. 19.—The Birmingham district felt a severe earthquake shock at 4 o'clock Wednesday. Many chimneys were knocked down. Office buildings rocked and thousands poured from their doors after the shock.

Distinct at Chattanooga.

Chattanooga, Tenn., Oct. 19.—A distinct earthquake shock lasting about four or five seconds was felt in the Chattanooga district Wednesday shortly after 4 o'clock. One woman was almost thrown out of her chair by the tremor. It was reported.

Slight at Nashville.

Nashville, Tenn., Oct. 19.—A slight earthquake shock was felt here shortly after 4 o'clock Wednesday. No damage reported.

BULLOCK CLOUD.

Mr. Lummie Bullock of Steep Hollow and Miss Cora Cloud of this city were united in marriage Tuesday evening at 8:30 at the home of the bride's parents, Mr. and Mrs. T. A. Cloud, Rev. C. C. Wheeler officiating. A full report of the marriage will appear in the social column Saturday afternoon.

MEXICO MUST BE CONTROLLED

American Will Insist on This Condition Before Troops Are Withdrawn From the Republic.

(By Associated Press.)

Atlantic City, 19.—Supplementary assurances from General Carranza that he is beginning a new and vigorous campaign against Villa were received Wednesday by his representatives on the Mexican-American joint commission. The head of the de facto government asserted all available troops would be used in the pursuit of the bandit.

The American commissioners reviewed at the joint session a carefully prepared statement of the Mexican claim as to conditions as well as proposals for restoration and maintenance of peace along the frontier. This statement also included arguments designed to show why the American troops should be withdrawn from Chihuahua.

The Mexicans insist they are capable of driving Villa and other outlaws away from the border, but the Americans' attitude is that they must demonstrate ability to do more than that. The Americans insist that any agreement affecting the control of the border must be based upon a reasonable indication that the Mexican authorities are capable of maintaining effective government in the interior.

It was learned yesterday that the troops sent northward Tuesday were not intended for the campaign against Villa, but to relieve troops at Aquacalientes and Zacatecas, who in turn would be sent north to Torreon to relieve others that would be sent into the hills in search of Villa.

LOW TEMPERATURE IN NORTH TEXAS

Weather Man at Dallas Announces Temperature Will Drop to 35 or 40 Degrees by Morning.

(By Associated Press.)

Dallas, Texas, Oct. 19.—The temperature may drop to between 35 and 40 degrees above zero in North Texas by morning, according to Local Weather Observer Cline.

London, Oct. 19.—The Serbians have captured the village of Brod, on the western end of the Macedonian front, the Paris war office announces. South of the Somme, says another French statement, between Lamainette and Biaches, the French made further progress last night. All gains made yesterday were held in the face of severe counter attacks on the British front in France.

The war will last another year, according to the consensus of opinion among the British soldiers and leaders. It is also the opinion of the Germans, if the views of prisoners count for anything. All believe the war has entered a stage where no compromise may be expected and where victory will go to the side with the ability to stick the longest.

Desperate fighting occurred yesterday on the Somme front, Berlin announces, in consequence of efforts to pierce the German lines on Morval front. The attacks continued from daybreak until noon and are said to have failed partially under German fire. The German positions either held or were recaptured after being lost.

Repulse of allied attack, with heavy losses, on the Saloniki front, was reported in the Bulgarian official statement today.

CUNARD LINER SUNK.

New York, Oct. 18.—The Cunard liner *Alania* was sunk by a mine in the English Channel between Falmouth and London, according to cable advices today. The *Alania* called at Falmouth Tuesday and was en route to London when it struck a mine some time this morning. Cunard officials believe all the passengers were landed at Falmouth. Captain Benison and some of the crew were saved the message said, but some are missing.

Concede Loss of Bremen.

Washington, Oct. 19.—The loss of the German submarine merchantman *Bremen* is virtually conceded by ranking Teutonic diplomats who are in a position to be familiar with the vessel's movements. The *Bremen* is now one month overdue.

Allies Gain Generally.

Bucharest, Oct. 19.—(Bulletin)—The Rumanian troops are pushing back the invading Austro-German force on the Transylvania front at

PRESIDENTS' HANDS BLEED FROM CLASPS

Skin Worn From President's Fingers in Greeting Great Crowd at Albany.

Albany, N. Y., Oct. 19.—Here at the capital of New York a great crowd packed the railway station platform and struggled for a chance to shake hands with President Wilson. The president thanked them for their enthusiasm and waved his hand again and again as the crowd cheered.

"There is too much noise for me to be heard," Mr. Wilson said. "I am a poor hand at commending myself. You know the record of the administration and I am perfectly content to leave my case in the hands of the jury."

As the train drew out of the station the president's right hand was bleeding, the skin having been worn off his fingers by the vigor of the hand-shaking.

WAR SECRETARY STOPS FURLOUGHS

Need of Soldiers on the Mexican Border Causes Secretary Baker to Stop Applications.

Washington, Oct. 19.—The need of all available soldiers in the regular army on the Mexican border caused Secretary of War Baker to stop all applications for furloughs to the reserves which, under the national defense act, may be requested by men who have served one year with the colors.

BANDITS KILL EX- PRESS MESSENGER

(By Associated Press.)
Wells-Fargo Officials Announce That No Loot Was Secured by Bandits Who Held Up Train.

(By Associated Press.)

Oklahoma City, Okla., Oct. 19.—Local Wells-Fargo officials said today that no loot was secured by the bandits who last night held up and robbed the Santa Fe train near Bliss, Okla. The robbers blew the safe in the express car, but got nothing. Perry Norman, the express messenger, was shot and killed by the bandits.

NOT ALL PICKED.

T. W. Beard, a leading merchant of Edge, was in the city yesterday afternoon looking after business matters. Mr. Beard stated to the editor that while the great bulk of the cotton was picked, there was yet quite a little scrapping to do and nearly every farmer would still have a few bales to sell. He said the high price of both cotton and seed had been a great help to the farmers, had practically put them on "easy street," and inspired them with new hope.
